Common Assessment Framework**

"Our health, our care our say" – White paper January 2006

- section 5.26 – Better Assessment and Care Planning
- ... "We have already developed a Single Assessment Process for older people's services. Work is underway to develop a Common Assessment Framework to ensure less duplication across different agencies and allow people to self-assess where possible."...

Retain the emphasis and focus on person centred care and engagement with older people.

Do Once and Share SAP Action Team

The Do Once and Share programme is being implemented through a number of action teams including one for the Single Assessment Process (SAP).

(for more about DOaS see www.connectingforhealth.nhs.uk/publications/doas.doc)

A conference was held on 3 February 2006 to address the project work of the DOaS SAP action team and to facilitate feedback on the following issues:

Vision and pathway - a developed high level pathway for SAP which can be agreed nationally
Current e-SAP implementations results of a small survey of e-SAP solutions to identify likely information flows and gaps between organisations

SAP network development of the SAP web resource (www.cpa.org.uk/sap) to support an engaged and informed SAP community for the future.

Triggering into Comprehensive Assessments results of a small survey of SAP and other assessments in order to describe the linkages particularly in the area of Long Term Conditions

Presentations of the above, and further information, are available at www.cpa.org.uk/sap/DOaS

The DOAS SAP action team would be very interested in hearing your views by 28 February 2006 in order to inform their final report which will be made available via the SAP web resource.

Please email comments to doas@cpa.org.uk

Listen to what I'm saying

May I remind you that the SAP DVD and video "Listen to what I'm saying" is available free of charge from Centre for Policy on Ageing. For details see www.cpa.org.uk/sap/dvd and to order copies email dvd@cpa.org.uk or video@cpa.org.uk
